INTERIOR / OVERVIEW

You can take more than the high road to appreciate the elevation of character. The 2017 LaCrosse interior tailors fluid design and intuitive functionality to answer your needs seamlessly. Elegant materials cater to your comfort. Who says you can't create a breakthrough while sitting down on the job?

EXTERIOR / OVERVIEW

The all-new Buick LaCrosse breaks the mold in a revolution of proportion. Athletic lines bend steel to form for a striking look as sure to command praise as it does the road. The new face of Buick cuts through the air and the noise.

SAFETY / OVERVIEW

In the 2017 LaCrosse, even the safety looks ahead. An available comprehensive suite of intelligent systems and advanced safety features will help bolster confidence in all driving conditions. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

TECHNOLOGY / OVERVIEW

LaCrosse accommodates you with technology that extends your connection from home to everywhere you're going. Available OnStar 4G LTE¹ with built-in Wi-Fi² puts you on your own information highway, and IntelliLink³ lets you access contacts, music and directions using just your voice. It's not just smart; it's an evolution of intelligence.

PERFORMANCE / OVERVIEW

Enjoy both the luxury of power and efficiency in the new 3.6L V6 engine. For 2017, LaCrosse adds Twin Clutch All-Wheel Drive to its performance arsenal. A lighter body structure cuts a lean and mean figure for an enhanced ride, and the 5-link rear suspension improves handling while also offering a quieter drive.
